

Says Key AEC Official Flunked Loyalty Test

Hickenlooper Says FBI Once Dropped Him

Washington, June 6—(AP)—Senator Hickenlooper (R-Iowa) charged today that the man who drafts secret atomic reports to Congress—including "one of the hottest documents ever assembled"—was dropped after an FBI loyalty checkup and then reinstated.

Hickenlooper said the FBI made a 50-page report containing "serious derogatory information" about the man. That was in March, 1948, the senator said, and the man was suspended in April.

But an atomic energy commission review board, consisting of two AEC scientists and a lawyer, voted unanimously to clear the suspended employee for access to secret data, Hickenlooper continued. This was done on June 18, 1948.

Hickenlooper made the statements in renewing his attack against AEC Chairman David E. Lilienthal before the Senate-House atomic energy committee. He has demanded that President Truman fire Lilienthal for "incredible mismanagement" in guarding the nation's atomic secrets.

Angrily, Lilienthal protested that the "raising of doubts and the raising of suspicions" was not the proper basis for the condemnation of an individual.

"Charges and justice are two quite different things," Lilienthal snapped. "There is no one I know of who had the slightest doubt as to the loyalty of individual A."

The identity of the employee involved in the loyalty incident, as described by Hickenlooper, was not divulged. But Lilienthal demanded that the man be summoned to testify.

In other developments:

Risky To Fire Them
Lilienthal acknowledged that some AEC employees with doubtful records are kept on the payroll because, he said, it might be risky to fire them.

He said some of them have learned to stop atomic secrets and if they were discharged, the AEC might lose track of them. Instead, they are kept on "with certain precautions," he said.

2. Senator Vandenberg (R-Mich.) said he thinks some "peculiar" provisions are contained in security regulations at the AEC's Argonne atomic laboratories in Chicago, where a bottle of uranium-235 was discovered missing last Feb. 8.

The AEC has reported that all but one-eighth of the original missing ounce of U-235 has been recovered from waste materials and the container itself dug up from a buried "hot" trash box.

3. Senator Knowland (R-Calif.) said guards in at least one section of the Argonne plant have been instructed to permit 154 persons "and guests" unlimited access to "all areas."

4. Chairman McMahon (D-Conn.) of the joint congressional committee ordered Lilienthal to produce the AEC's security officer at the Argonne plant as a witness.

Appellate Court Refuses To Free Gates On Bond

New York, June 6—(AP)—An appeals court refused to free one of three communist trial defendants, whose jailing set off a rioting demonstration today by 500 pickets outside Federal Judge Harold R. Medina's court room.

The pickets chanted and cheered for four hours, demanding an end to the trial of 11 of the nation's top communists.

The mass picketing was sponsored by the civil rights congress in protest against the imprisonment of defendants John Gates, Henry Winston and Gus Hall.

Gates, editor of the communist newspaper, the Daily Worker, was sentenced to 30 days for contempt by Medina last Friday. Gates refused to answer questions about fellow communists.

The United States circuit court of appeals unanimously ruled today that Gates is not entitled to bail for the contempt charge.

His attorney, Harry Sachel, said the sentence will be appealed.

Winston and Hall were remanded to jail for the duration of the trial when their bail was revoked. Medina acted after they objected to the sentencing of Gates.

DIDN'T PAY FOR GLASSES

Windsor, Ont., June 6—(AP)—A tavern proprietor told police today that one of his customers smashed three beer glasses, ate out of them, wiped off his chin and walked out. The proprietor's complaint was that the man did not pay for the broken glasses.

Says 'Byrnes' Vetoed Arrest Of Russian Spy

Washington, June 6—(AP)—An elaborate plan to trap a Russian spy seeking wartime secrets crumbled when "Mr. Byrnes of the State department" vetoed his arrest, a jet engine expert testified today.

The witness, Loren G. Haas of Buffalo, N.Y., did not further identify "Mr. Byrnes" in his testimony before the House un-American activities committee. But the period about which he was talking was 1945, and James F. Byrnes, former Senator and Supreme Court justice, took over as secretary of state in July of that year.

Haas and two other witnesses, Mr. and Mrs. Joseph J. Franey of Niagara Falls, N.Y., made it clear in talking to reporters that the reference was to Secretary Byrnes.

Byrnes, now a member of a law firm here, told a reporter: "Never did I tell any official of the government not to arrest anyone. That is not a matter for the secretary of state, but one for the department of justice and the FBI."

Haas and the Franeys told the committee a long and detailed story about acting as decoys for the FBI agents trailing a Russian agent who was seeking top secret data on American jet planes, sweeping aircraft and other highly confidential subjects.

They identified the Russian as Andrei Schevchenko, a purchasing agent for the Soviets and liaison man for the Russian government at the Bell Aircraft plant at Buffalo.

But after they spoon-fed him with trivial data for months, under close supervision of the government detectives, Schevchenko was permitted to skip the country without arrest, they said.

Haas said the FBI agents told him they had developed an air-tight case against Schevchenko. But when he asked the G-Men when they were going to crack down, Haas said he was "passed off" with such answers as:

"Well, Mr. Byrnes of the State department says we can't touch him."

Haas reconsidered a moment, and added:

"Maybe I shouldn't have said that."

Franey, who had testified ahead of Haas, said he had been told by FBI agent "Fuzz" Roberts that the State department wanted to "appease" the Russian agent.

Washington, June 6—(AP)—The 12-nation North Atlantic pact, under which an attack on one member would be regarded as an attack on all, won the unanimous approval of the Senate Foreign Relations committee today.

Chairman Connally (D-Tex.) said the committee's action "will have a tremendously beneficial effect on the world situation." He predicted the Senate will ratify the alliance overwhelmingly.

The committee's 13 to 0 vote for the treaty came on the fifth anniversary of the Allies' D-Day assault on Europe.

For several years the bi-partisan committee has had an unbroken record of unanimity.

Connally said the report has not been printed and will not be made public until tomorrow. The principal problem in reaching complete agreement on the report centered about the interpretation to be given article 5.

US Catches Army Deserter In Girl's Clothes In Britain
Burtonwood, Eng., June 6—(AP)—The U.S. Army stripped the mud-hall masquerade today from "Donna Delbert, demon fire-eater."

"Donna" was identified as Delbert Hill, 35, of Philadelphia, and charged with deserting into female impersonation in vaudeville to avoid hazardous wartime duty.

With a shoulder-length hair-do trimmed back down to GI specifications and old fatigues in place of a dress, the American air forces private was ordered to trial before a general court martial Friday.

Only time can make his re-conversion complete—when his plucked eyebrows grow out again.

Hill was arrested by British police in a theatrical boarding house at Newcastle on a tip from an undisclosed source.

His girlish impersonations were reported so authentic that a girl assistant in the act said she never suspected.

The Burtonwood Beacon, unofficial air forces weekly, said Hill told officials he took up the fire-eating act "about the time the atomic bomb was dropped" so he wouldn't have to go to the Pacific War. The first atom bomb was dropped on the Hiroshima, Japan, Aug. 6, 1945.

Molotov Given Charge Of USSR China Policy

Paris, June 6—(AP)—Russia's V. M. Molotov was reported today to have been given the task of voicing the Chinese communists into alignment with Soviet communism.

An eastern European diplomat said the Soviet ex-foreign minister and one-time premier has the job of shaping and implementing a big brother attitude toward the victoriously emerging China Red regime.

Western diplomatic sources said they had heard of such an arrangement though they could not confirm the report.

The reports, it continued, would dispel some of the mystery arising over Molotov's position in postwar politics since he was suddenly replaced by Andrei V. Vishinsky as foreign minister March 4. Molotov kept the title of senior deputy premier under Joseph Stalin.

The scope of Molotov's job, the eastern diplomat reported, would take in all the Far East but he would concentrate first on an attempt to exploit the Chinese communist triumphs by warming up a thin-far cold and wary relationship.

Informants high in the councils of the western powers suggested this interpretation could be placed on Molotov's reported new assignment.

1—From a short term viewpoint, it could mean Russia is planning a big-time aid program for the Chinese communists once they set up a new all-China regime.

2—in a long term sense, it could mean Russia hopes to help China develop its communism as closely as possible along traditional Marxist lines. In other words, Russia hopes to torpedo any western bid to promote a form of Chinese "Citizenship."

Russia's whole attitude toward the two conflicting forces in China—communists and nationalists—is likely to be revamped soon, the eastern diplomat said.

Rutledge's Bond Set At \$50,000

By District Judge

Cedar Rapids, Ia., June 6—(AP)—District Judge J. E. Heiserman today set \$50,000 bond for Dr. Robert C. Rutledge, Jr., 28, of St. Louis, who was convicted May 28 of second degree murder in the death of Byron C. Hattman, 29.

Bond was not immediately posted. Judge Heiserman's order said Dr. Rutledge would be free to leave the state if bond is posted. The judge stipulated, however, that the young pediatrician must appear for judgment and sentence or for any other reason at any time the court may order.

Rutledge has been in the Linn county jail since he surrendered March 23 and pleaded innocent to first degree murder charges against him.

A jury of nine men and three women convicted Dr. Rutledge of second degree murder in the knife-wound death of Hattman in a Cedar Rapids hotel room, Dec. 14, 1948. The jury did not accept Rutledge's contention that he killed Hattman in self-defense during a quarrel over Hattman's attentions to the doctor's blonde wife Sydney, 23.

The witness was then asked: "This man who was collaborating with you in the state department—can you tell us his name?"

"His name is Julian Wadleigh," Chambers replied.

Henry Julian Wadleigh, formerly of the state department, declined comment last year when his name arose in similar testimony before the House Un-American activities committee. He said he had no comment today when reached at his home outside Washington.

Chambers also testified today that he twice lied under oath to the

CIO Offers Reward For Solution Of Reuther Shootings

Detroit, Mich., June 6—(AP)—The CIO United Auto Workers today offered a reward of \$250,000 for information leading to the solution of the shootings of the Reuther brothers.

The reward, one of the biggest ever offered in the United States, was authorized by the union's international executive board. It met here today.

The offer took the place of the \$100,000 reward posted following the April 20, 1948, shooting of international President Walter Reuther.

It was increased because of the May 24, 1949, shooting of Victor Reuther, UAW educational director.

Both men were critically injured in their homes by shogun blasts from unknown assailants.

John L. Lewis Accuses Union Heads Of 'Betraying Labor'

Chambers Accuses Second State Dept. Man Of Stealing Secrets

New York, June 6—(AP)—Whittaker Chambers today named Julian Wadleigh as a second state department employee who helped him obtain government secrets for a prewar Soviet spy ring.

Chambers resumed the witness stand at the federal perjury trial of Alger Hiss, also named by Chambers as a source of state department secrets.

Chambers, who has admitted he was a spy ring courier, said he had a "confederate" in the state department's trade agreement section who was not Hiss.

The witness was then asked: "This man who was collaborating with you in the state department—can you tell us his name?"

"His name is Julian Wadleigh," Chambers replied.

Batory Leaves U.S. After Inspection Over Eisler Escape

New York, June 6—(AP)—The Polish ship Batory, which got into international hot water when Gerhart Eisler escaped on it May 6, sailed again today with its crew cleared of any part in the escape.

A federal immigration official said crew members "have been cleared of any implication in the flight of Eisler from this country aboard the Batory."

Under close guard since she docked last Saturday, the ship left at noon for Southampton, Copenhagen and Gdynia, Poland. She carried a capacity list of 857 passengers and a crew of 351.

Before the ship sailed its skipper, Capt. Jan Cwiklinski, said Eisler was the first postwar stowaway aboard his ship. He added, "I hope he is the last."

Normandy Beaches Quiet On Fifth Year After D-Day

On the Normandy Invasion Beaches, France, June 6—(AP)—The Fifth anniversary of D-Day passed today with silence befitting the memory of the soldiers who died in the assault on Hitler's "European Fortress."

The difference between June 6, 1944, and June 6, 1949, was the difference between war and peace.

June 6, 1944, paratroopers jumped during the night on French soil, and ground troops waded ashore at dawn. A heavy naval bombardment covered their activities. Many of those who landed on D-Day are now lying in cemeteries spotted along 50 miles of invasion coast.

Today there remained only the peaceful silence of the restful seaside. Children waded into the blue waters of the Atlantic at Utah beach and scamped about their beach tents within the shadows of dominating bluffs.

All along the invasion coast flags of Britain, the United States and France fluttered in the bright sunlight. But there were few ceremonies. The most formal observance came yesterday to coincide with the D-Day anniversary.

Of the top commanders who directed the mightiest amphibious assault in history, only Field Marshal Viscount Montgomery was back to observe the day. He took part in ceremonies at the British military cemetery in Ranville and later at Saint-Aubain-Sur-Mer. It was at Ranville that the British sixth Airborne division dropped to form the eastern flank of the invasion.

Thief Grabs Brief Case And \$20,700

Chicago, June 6—(AP)—A thief snatched a brief case containing \$700 and checks worth about \$20,000 from an 18-year-old insurance company messenger today.

The holdup of James F. O'Neill, messenger for the Allstate Insurance company, occurred in front of 10 South LaSalle street in the busy financial district. O'Neill was taking the money and checks from the Marine National bank, 400 West Madison street, to the Harris Trust and Savings bank, 155 West Monroe street.

He reported the thief, a young peace treaty.

Hits Approval Of T-H Repeal Compromise

Washington, June 6—(AP)—John L. Lewis bitterly accused AFL President William Green and CIO President Philip Murray of "betraying labor" by reportedly compromising on new legislation as the Senate tackled the controversial issue today.

Lewis' blast was timed to coincide with the opening of a second Truman administration drive to wipe out the Taft-Hartley act.

He said that if reports that Green and Murray have agreed to accept some changes in the administration bill are true, then they are guilty of "a foul betrayal of American labor."

Thomas Calls For T-H Repeal
Senator Elbert D. Thomas (D-Utah), chairman of the Senate labor committee and sponsor of the administration bill, opened the Senate debate by calling for quick Taft-Hartley repeal.

He said that in last fall's election the American people in unmistakable terms decided the Taft-Hartley law was a mistake. He said that by repeal "I mean repeal of its spirit and intent as much as I mean the letter."

At almost the same moment, Lewis let fly in telegrams to all 96 Senators.

He said he has heard reports that Green and Murray have secretly agreed to accept "four oppressive amendments" to the administration labor bill being offered as a Taft-Hartley replacement.

Neither Murray nor Green could be reached for comment. But an AFL official pool-poohed any idea of a secret deal.

AFL Convention Approved Them
As a matter of fact, he said, the AFL convention in Cleveland last month agreed to accept the four amendments that horrified Lewis.

These four amendments call for: 1. Power for the federal government to seize plants involved in national emergency strikes.

2. The filing of financial reports by unions.

3. The filing of non-communist and non-fascist affidavits by workers and employers alike.

4. A guarantee of free speech in labor relations.

A bi-partisan Senate group is sponsoring these amendments, along with a fifth: a requirement that unions as well as employers bargain in good faith.

Three of the five amendments—dealing with free speech, requiring both sides to bargain collectively, and anti-fascist and anti-communist affidavits—were introduced today.

The other two, said Senator Douglas (D-Ill.), would be introduced later.

Douglas has called these amendments an attempt "to harness the realities" of the situation.

AMA Trustees Clip Wings Of Fishbein, AMA Journal Head

Atlantic City, June 6—(AP)—The board of trustees of the American Medical Association today clipped the speaking and writing wings of medicine's most famous figure, Dr. Morris Fishbein.

The board wants him to stop speaking or writing on anything except scientific medicine. That means he cannot talk publicly on state medicine nor on the political issues row boiling up in the AMA's campaign against the Truman national health insurance plan.

Dr. Fishbein is the editor of the Journal of the American Medical Association. He has no official position except that in the American Medical Association. He has no vote in the House of Delegates, which is the ruling body of American medicine.

But over the years he has been called the dictator of American medicine. And in today's move the trustees say "the public has come to believe that the editor is the spokesman for the association."

He has written the editorials of the Journal, which is the foremost medical publication in the United States, and the largest in the world. In all his talks and writings for years he has argued freely about medical politics and has been a leader in opposing state medicine and socialization of medicine.

ATOMIC GOOD IN 20 YEARS

Before the attack on his record was launched in congress, Chairman David Lilienthal of the atomic energy commission wrote a piece for Collier's which contains more interesting facts from the public's standpoint than are likely to be produced at the Washington inquiry.

He reports that in 20 years "we should be quite used to the idea of obtaining power and heat from within the atom."

It will take five years to establish fairly good experimental plants, and production costs at first will naturally be very expensive, he points out. Costs will be lowered as production increases.

In the whole history of the world, 20 years is almost too short a time to be reckoned. We are indeed on the threshold of a new age whose wonders can scarcely be imagined.

But all these prospects can be shattered if atomic energy is used for war instead of for peace.

Man must have faith, Lilienthal advises, quoting from the Bible: "I have set before you life and death, blessing and cursing; therefore choose life, that both thou and thy seed may live."

NEW SHAW PLAY CONSIDERS A-BOMB

London—P—Bernard Shaw has written a play about the world after atomic bombing. It's called "Far-Fletched Fables" and will be published before August.

Shaw's biography in the book, supplied by himself, still gives his recreation as "being past 90."

BRIG. GEN. MCGINNIS

General McGinnis has just returned from Switzerland, where he was with the United Nations at Geneva, serving as executive in charge of supply and transportation.

General McGinnis retired from active service last September and in November was chosen for the United Nations post. He left for Geneva and served until May 15, when he returned to his home at Washington, D. C.

After attending the commencement exercises here, General and Mrs. McGinnis will return to Washington. Their son Warren expects to enter an eastern law school next fall.

When General McGinnis retired last fall he had 32 years service in the Air Force, dating from 1917. He had a distinguished career and was a specialist in Field Air Logistics. Many of the logistical doctrines that he involved are now in daily use throughout the Air Force.

Numbers of the distinguished officers of the Air Forces are General McGinnis' personal friends. At the outbreak of the second world war General McGinnis was specially selected by General Spaatz as one of his three principal commanders in Europe. He organized and commanded the Eighth Air Force Services.

The general moved with him to Europe, two Jacksonville men whom he had commissioned, namely Colonel John W. Larson and Colonel J. Maxwell Thompson.

Throughout his military service General McGinnis has lent a helping hand to Jacksonville and Morgan county officers and men.

General McGinnis has been recipient of many American and foreign decorations, a total of 17, amongst which are the Legion of Merit with Oak Leaf Cluster; Bronze Star Medal with Oak Leaf Cluster; Commendation Ribbon with seven Oak Leaf Clusters; The Legion of Honor and Croix De Guerre with Palm from France; The Order of British Empire from Great Britain; The Special Breast Order of Yui Hui of China.

General McGinnis said that he still maintains Jacksonville as his home and legal residence and is always pleased to return to Jacksonville and foregather with old friends.

Old Covered Wagon Center Of Attraction

A weather-beaten covered wagon occupied a place of honor on the east side of the Jacksonville public square Monday as the central figure in a U. S. Savings Bond exhibit. The wagon is one of 30 such vehicles which carried Americans to the far west in the historic gold rush of 1849, which have been collected by the Treasury department for use in the Opportunity Bond campaign.

The historic wagon, mounted on an International truck and Fruehauf truck, arrived Monday morning from Quincy, with Vincent Bauer of Chicago as driver. It was placed on the east side of the square next to the Central park entrance, where it was viewed by hundreds of persons during the day.

The appearance of the covered wagon was sponsored by a Junior Chamber of Commerce committee of which James Dwyer is chairman. Francis R. Rantz, president of the Elliott State bank, is U. S. Savings Bond chairman of Morgan county.

An amplifying system on the truck played U. S. Treasury department records explaining the value of savings bonds.

The ancient wagon with its canvas top was flown from Cedar City, Utah, to Chicago by the way of Independence, Mo. It is one of a collection owned by Mayor Gronway R. Parry of Cedar City, a grandson of one of the 49ers. The wagon will be taken from this city to Alton for another public appearance.

Poland Boosts Coal Production

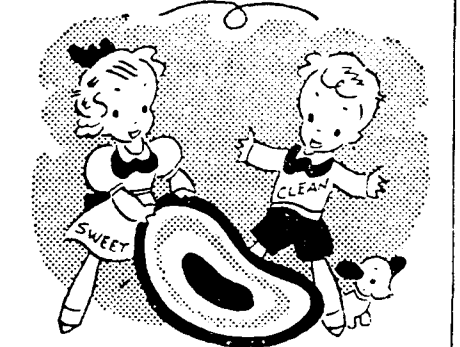

Katowice, Poland—P—Poland's coal miners expect to turn out around 75,000,000 tons this year. The 1949 target is 74,000,000. That would be an increase of about 14,000,000 over 1948.

Additionally, coal miners have pledged themselves to exceed production targets assigned to them. They expect to produce 1,500,000 tons of coal above their "norms."

All through the coal industry, the ministry of mining and power is encouraging "work races."

That means champion miners are vying against each other to see who can produce the most coal. Thus far this year, a total of 600 miners are reported to have exceeded their targets by 151 to 490 percent.

Poland exported 26,000,000 tons of coal in 1948. Exports are expected to top 30,000,000 this year.

Patricia Blaker Bride Of William Hemphill

Popular Couple Married Saturday In Kansas City

The Second Presbyterian church in Kansas City, Mo., was the scene of an impressive wedding Saturday night at 8:30 o'clock, when Miss Patricia Blaker became the bride of William James Hemphill of Syracuse, N. Y.

The bride is the daughter of Mr. and Mrs. Walter S. Blaker of Kansas City, former residents of this city. Mr. Hemphill's parents are Mr. and Mrs. Chester A. Hemphill, 1033 West State street.

Dr. R. Park Johnson read the service before an altar banked with large vases of pink gladioli and shell pink peonies, with arrangements of palms and ferns at either side. The bridal aisle was marked with candelabra holding pink tapers and decorated with strings of smilax and pink satin ribbon. In front of the chancel rail was a banking of woodwardia ferns and palms.

The wedding music was played by Richard J. Helms, who also served as accompanist for the soloist, Mrs. John W. Ballard, Jr.

Given in marriage by her father, the bride was attired in a princess gown of candelight wedding ring satin, fashioned with a heart shaped neckline, edged in seed pearls, long sleeves tapering to points over the hands and a voluminous hoop style skirt, extending into a long, aisle-wide train.

A tiara of Chantilly lace held her fingertip veil of imported bridal illusion. Her bouquet was of stephanotis, backed with pink maline and centered with an orchid.

The matron of honor, Mrs. William W. Humphrey, Jr., of Kansas City, wore a gown of dotted marquisette over Nile green faille taffeta, styled with a high neckline, short cap sleeves, with matching mitts, a basque bodice, trimmed with a Nile green taffeta sash, and a bouffant hoop style skirt.

The bridesmaids were Mrs. Robert W. Smalley and Mrs. William Brown, both of Kansas City; Mrs. Thomas C. Smith, Jr., of Milwaukee, Wis.; Thomas G. Burris of Bartlettville, Okla.; and Mrs. William W. Bellamy of Okmulgee, Okla.

Their gowns were of dotted marquisette over shell pink faille taffeta, trimmed with matching taffeta sashes.

The attendants all carried bouquets of shell pink peonies.

The flower girl, Jeanne Hemphill, niece of the bridegroom, was dressed like the bridesmaids and carried a basket of rose petals.

Robert C. Hemphill of this city, brother of the bridegroom, acted as best man. The groomsmen were William W. Humphrey, Jr., of Kansas City; Thomas C. Smith, Jr., of

Milwaukee; Henry Taylor of Springfield, and Winecke Carpenter and Clark S. Dodsworth, both of this city.

A reception at the Indian Hills Country club followed the ceremony. The bridal party received guests before a background of pink candelabra and woodwardia ferns.

The bride's cake was wreathed with white sweetpeas and roses and on both sides were silver candelabra holding pink tapers.

A white and aqua floral print, trimmed with rhinestones, was worn by the bride's mother. The bridegroom's mother was gowned in pearl gray crepe. Both wore clusters of vanda orchids in their hair.

The couple motored to the Pocano mountains in Pennsylvania for their wedding trip. The bride traveled in a beige gabardine suit, trimmed in brown, with a matching hat and brown accessories. Her corsage was of white orchids.

After June 15, Mr. and Mrs. Hemphill will be at home in Syracuse, New York.

The bride attended schools in Kansas City and studied at William Woods college for one year. In 1947, she was graduated from the University of Missouri, where she was a member of Pi Beta Phi.

Her husband attended Jacksonville High school and was graduated from the University of Illinois School of Commerce in 1941. He was in the Army Air Corps for three years, serving in the China-India-Burma theatre. At the time of his discharge, he had attained the rank of captain.

He later attended the University of Pennsylvania Horton School of Business and Finance and received his master's degree in foreign commerce. He is now with the export department of the Bristol Laboratories in Syracuse.

Those from here who attended the wedding were Mr. and Mrs. Chester A. Hemphill, Mr. and Mrs. Willard Dodsworth, Mr. and Mrs. Clark Dodsworth, and Mr. and Mrs. Robert Hemphill and daughter, Jeanne.

MOSCOW ELEPHANT STROLLS IN THE STREETS

Moscow—P—The Moscow circus elephant Punchy likes to walk and nothing makes her so happy as to walk the streets of the capital.

She's even learned to obey the traffic lights. An "Evening Moscow" account of her strolls said she halts when the light is red and when it turns green—and traffic starts to flow—she hurries across the intersection.

Her attendant gets tired on these strolls sometimes and sits down for a rest. But Punchy wants to go on and she tugs him by the arm with her trunk.

Democrats Hear Talk By Rep. T. J. Sullivan

State Rep. T. J. Sullivan of Springfield was principal speaker Sunday afternoon at a meeting sponsored by the Morgan county Democratic men and women's organization at the Dunlap hotel. His talk centered around the activities of the legislature, and his own particular work as a member of the judiciary committee.

The veteran legislator described the functions of the judiciary committee, which at the present session has handled 300 house bills and 100 senate bills. Rep. Sullivan said 20 of these deal with workmen's compensation legislation.

He explained how the budget is made up, and said \$75,000,000 of the budget for the next two years are for repayment of principal and interest on soldiers bonus bonds. The next budget will include \$300,000,000 for education, including the state university and normal schools. Sixty percent of the budget is allotted to welfare purposes.

Mrs. Mae Collins, chairman of the county women's Democratic committee, opened the dinner meeting, after which the invocation was delivered by Dr. John Wright. Piano solos were played by Jewell Rowden.

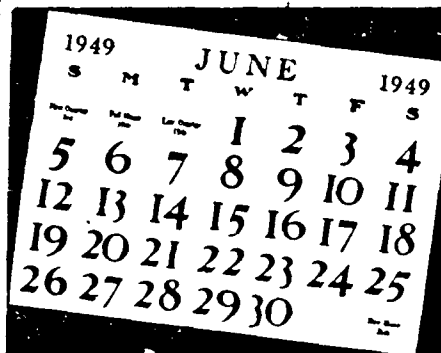

Attorney Harry G. Story took charge of the meeting and presided during the speaking program.

Harry Doolin, Democratic county chairman, spoke concerning the election Tuesday at which a county commissioner will be elected.

Fred A. Cain, chairman of the 20th district, and state superintendent of transportation, delivered a talk to the group of about 80 attending the meeting.

"Pug" McDaniels Spins 2-Hitter As Jay-Cees Whip Decatur Girls 3-0

Decatur, June 6.—Betty Lou "Pug" McDaniels, Jay-Cee girls pitcher, twirling for the second consecutive evening, spun a beautiful two-hit game here tonight and blanked the Jarvis Wildcats 3-0.

This was McDaniels' second scoreless victory in two successive nights of mound duty.

The Jacksonville lassies were able to gather only 4 hits off the pitching of Gisinger, but managed to bunch them for the trio of counters.

Lois Hubbert collected the first hit off Gisinger when she opened the fourth frame with a two-bagger and advanced to third on Schnei-

Myers Bros., Moose Washed Out In 3rd Frame; R & D Win

The weatherman continued to play cat and mouse with local softball players and spectators last night as both the Moose and Myers Bros. nines lost to the elements in the third inning of the feature bout.

Yes, the rains came. Both teams were deadlocked in a 4-4 tie and Myers twirler, Suttles, had chucked to a single Moose hitter in the top half of the third stanza. Jackson-

Steady Selling Pressure Causes Decline in Wheat

Chicago, June 6.—(P)—Steady selling pressure sent wheat down on the board of trade today. Losses ranged to around 3 cents at times. Dealings became quite active with offerings absorbed mainly by resting orders placed under the marker.

Soybeans and lard also ran into fairly brisk selling, again reflecting weakness in fats and oils prices. Cotton seed oil futures at New York sank to new seasonal lows. Rye dropped a couple of cents. Corn and oats eased.

Receipts were: Wheat 114 cars, corn 101, oats 49, rye none, and barley 47, soybeans 34.

Wheat closed 13-21 lower, July \$1.86 1/2, corn was 1-11 lower, July \$1.29 1/2, oats were 2-1 lower, July \$1.57-57, rye was 2 to 2 1/2 lower, July \$1.31 1/2, soybeans were 23-34 lower, July \$2.15 1/2, and lard was 27 to 37 1/2 cents lower, July \$10.85-10.87.

November and December soybeans and lard made new seasonal lows.

Capacity Crowd Sees Auto Races Sunday

A capacity crowd of about 4,000 spectators watched with thrills and chills but no spills as the drivers and autos of the Mississippi Valley Auto Racing Association roared around the half-mile Fairground oval in six races Sunday afternoon.

The colorful event was brought in to Jacksonville by the Zingabadi Grotto and they promise more of the same next Sunday afternoon when the motorcycles come to town.

No casualties resulted from yesterday's ventures, although the crowd had several "scare" when racers swapped ends trying to gun around the turns. Chief catastrophe of this nature came when Harold Ketter, a Quincy driver, was leading the pack in his V-8 special in the feature race and suddenly did an about face, losing his lead and chances for top money.

Hottest thing on the track was the checker-board, a yellow and black checked job that came back, after developing motor trouble in the first corner, to win the third race and then cop two honors in the 15-lap feature go, after Ketter lost his due-

Four Teams Will Battle For NCAA Baseball Title

Columbus, O., June 6.—(P)—Chances are three to one that the NCAA's 1949 baseball champion in district will come from Indiana.

Floyd Stahl, chairman of the district selection committee, announced today that Purdue, Indiana, Notre Dame and Western Michigan are to battle for the district title next week end.

The lineup:

Notre Dame vs. Purdue at Lafayette, Ind., 2:30 p. m. Friday.

Indiana vs. Western Michigan at Kalamazoo, Mich., 2 p. m. Friday.

Winners of the semi-finals will meet Saturday at Lafayette or South Bend, depending upon the victor in the Notre Dame-Purdue game.

Purdue was in first place in the western conference before losing two games to Ohio State here last week end.

Indiana finished the league race in a tie for first place with Iowa and Michigan.

Notre Dame and western Michigan are considered two of the district's stronger independents.

District 4 includes Ohio, Michigan, Wisconsin, Illinois, Indiana, Minnesota and part of Iowa.

Giants Get Higbe From Pirates For Rhawn And Poat

New York, June 6.—(P)—The New York Giants today traded infielder Bobby Rhawn and Pitcher Ray Poat to the Pittsburgh Pirates for pitcher Kirby Higbe. The Giants announced it was a straight trade with no cash involved.

Higbe, 34, a top flight winner under Manager Leo Durocher at Pittsburgh before he was sold to Pittsburgh in 1947, has a record of two losses and no victories this season.

He was a valuable relief pitcher for Bill Meyer at Pittsburgh last season but has not been effective this spring.

Rhawn, a utility infielder, started the season at second base because of an injury to Billy Hitting. He has played 14 games, hitting .172.

Poat, 31, has no won and lost record for 1949, having pitched only a total of 2 1/3 innings. Like Higbe, he is a right-hander. He won eight and lost two up to the all-star game break last summer but never again hit that peak. He finished up with an 11-10 record.

Name Journal-Courier To Assist With 1949 All Star Baseball Poll

Arch Ward, well-known sports editor of the Chicago Tribune, announced Monday that the Jacksonville Journal-Courier has been selected as one of the cooperating newspapers in the 1949 All Star Baseball Poll.

Editor Ward has enlisted the aid of your sports editor to receive and tabulate votes of baseball fans in the West Central Illinois Area.

This season's All-Star aggregation will assemble at Ebbets Field in Brooklyn on Tuesday July 12 for the festival of diamond standouts.

Berlin Voting June 10

According to information received from the Tribune sports department, which conducts the voting each season, the poll will open Friday, June 10, and run until June 29. Votes will be received by the Journal-Courier until noon, June 29. The Chicago deadline will be midnight of the same day.

Returns from Jacksonville and vicinity will be wired to the Tribune each day. There they will be combined with similar reports from other newspapers throughout the country to be tabulated and published at periodic intervals.

Fans are encouraged to vote for a full team of eight players in each league. Players should be listed by positions. However, Ward announced that this year it is not necessary to vote for the outfielders by position. The three fly-chasers in each league having the most votes will start the game whether their regular position be left, center or right field. Fans will NOT vote for pitchers. The twirlers will be picked by the managers.

To Publish Ballot Each Day

The Journal-Courier will publish a ballot each day, during the poll, for the convenience of those who wish to cast their votes.

Standings, both locally and nationally, will be published daily by the Jacksonville newspapers.

This is the second year that your local newspapers have been requested to cooperate in selecting participants for the gigantic baseball carnival. The move started under Charles Bellatti, former Journal sports editor who is now serving in the United States Army.

Pirates Peddle Pitcher Muncief To Chicago Cubs

New York, June 6.—(P)—Pitcher Bob Muncief was sold today by the Pittsburgh Pirates to the Chicago Cubs for the \$10,000 waiver price.

Muncief, a 33-year-old right-hander, has won only one game and lost five during his brief career with the Pirates. After defeating the New York Giants, May 18, he was assigned to bullpen duty where he suffered two setbacks.

Purchased from Cleveland No. 20 for \$20,000 Muncief was expected to bolster Bill Meyer's pitching staff. He was a 13-game winner for the St. Louis Browns in 1941, 1943, 1944 and 1945.

In November of 1947, Muncief and Walt Judnich were sold by the Browns to Cleveland for Bryan Stephens, Joe Frazier and Dick Kokos and \$25,000. He had a 5-4 record for the world champion Indians, appearing in one world series game on relief.

Red Sox Outlast Tigers To Win 10-9 Slugfest

Detroit, June 6.—(P)—The Boston Red Sox outlasted the Detroit Tigers in a free hitting and free walking game today and took a 10-9 decision.

The Sox clubbed out a dozen hits, including a homer and two triples, and were aided by 10 walks given up by Tiger pitchers. Detroit had 11 hits and eight walks.

The game was fought on fairly even terms until the eighth inning when, with the score tied at five-all, the Red Sox pounced on Tiger relief pitcher Marlin Stuart.

Catcher Matt Bledsoe led off the inning with a single and Louis Stringer ran for him. Red Sox relief pitcher Tex Hughson forced Stringer at second. Stuart then walked Dom DiMaggio and Johnny Pesky to load the bases for Ted Williams.

Williams was out, second to first, with Hughson scoring on the play. Vern Stephens walked loading the bases for Bill Goodman who singled scoring DiMaggio and Pesky. Stuart walked Al Zarilla to load the bases and Dizzy Trout was called in to pitch for Detroit.

Billy Hitchcock greeted Trout with a single, scoring Stephens and Goodman to make it 10-5. Trout got Birdie Tebbetts, 10th Red batter to bat in the inning, on a fielders choice to end the inning.

Veck Threatens Action to Check Indians' Slump

Cleveland, June 6.—(P)—An angry Bill Veck threatened today to take drastic action to pull his world champion Cleveland Indians out of their slump.

"This has gone far enough and there is where old Bill takes over," he usually affable Tribe prey said. "We won't take this lying down."

Veck was obviously upset over the club's twin loss to Philadelphia yesterday. It tumbled the tribesmen back into seventh place and was their fourth Sunday double header defeat of the season.

Although he would not indicate what steps he contemplates, Veck said he had "several hunches" when queried about trades.

There are still 10 days before the major league trading deadline.

The colorful tribe president made it clear though, that Manager Lou Boudreau's position is not involved.

Talked With Boudreau

Veck has never made a secret of the fact he considers Boudreau a far better player than a manager.

After the Indians won the American league pennant and world series last year, however, it was believed the club's position was secure for some time to come.

During the club's recent road trip in which it dropped 10 to 12 games, Veck flew east to take a look for himself and to talk with Boudreau. But he had little to say afterward.

When the team returned home "opening day" ceremonies were held again and Veck said the slate was wiped clean and the Tribe would start over again.

For a while the team picked up, but lately it's been hit or miss with the last three games being misses. The present home stand shows seven wins and five losses.

Chicago Livestock Market Report

Chicago, June 6.—(P)—Hogs and cattle were steady to 50 cents lower today, but vealers were steady to \$1 lower and sheep steady to weak.

Most good and choice butcher hogs sold from \$19 to \$22.25 and sows from \$15 to \$18.50. Best prices on each class were \$22.25 and \$19.

High-choice steers sold at \$29.50 and choice heifers at \$28.25. Good and choice steers made \$26 to \$28.50 and comparable heifers and mixed yearlings \$26 to \$27.75. Beef cows topped at \$22, sausage bulls at \$23.50, and vealers at \$28.

Old-crop clipped lambs went as high as \$29.50 and choice native spring lambs \$31. Ewes ranged downward from \$10.50.

Salable receipts included 8,500 hogs, 17,000 cattle, 1,000 calves, and 1,000 sheep.

New York Stock Market

New York, June 6.—(P)—A declining stock market gathered speed in the way down today.

Losses of fractions to around 3 points put the general price level at the lowest since May, 1947.

Trading hit a brisk pace Turnover was at the rate of around 1,400,000 shares for the full session, which would be one of the fastest days in recent weeks.

The market, according to the Associated Press average of 60 stocks, equalled the 1948 low on Friday. Today's drop pounded the average down to within shooting distance of the 1947 low established in May. And from there to the bottom for 1948 is only a short haul.

Weakness in stocks accompanied downward tendencies in grains and cotton.

Railway issues gave a little ground in the bond market.

Reinstated Players To Get Free Reign On Coming Home

New York, June 6.—(P)—Having decided to welcome home the misled athletes who jumped the reservation in '46, organized baseball stretched itself today to demonstrate that it really has a heart as big as a Georgia watermelon.

The boys who went south in quest of Mexican gold were assured by Commissioner A. B. Chandler that they will be guests of the House while they and their former big league employers are becoming re-acquainted.

The 25-player limit will be suspended for their special benefit, much as it was for the homecoming veterans after the recent war, and the promise is implicit that nobody will get shoved around.

"The baseball commissioner will cooperate with the club owners and make the 25-player limit elastic for a reasonable time to give them opportunity to dispose of the players or make room for them," said a statement from Chandler's office.

"It is the only fair thing to do and we do not anticipate any complaint from the clubs not affected."

Giants officials were reticent about their plans for using Danny Gardella or any other of their jumping players if they should obtain reinstatement, but the Cardinals were justly jubilant at the prospect of having Lanier and Martin and second-baseman Lou Klein back the fold.

The only question in Manager Eddie Dyer's mind was whether the trio's absence from the big show for three seasons will have dulled their talents.

"These boys have been away from Major League ball for a long time," Dyer pointed out. "If they can make the grade they no doubt will help the club."

Should the crafty Lanier come back to take his turn along with Harry Brecheen, Alpha Brazle and Howie Pollet, the Cards would show one of the greatest southpaw quartets of modern times. Martin is a serviceable right-hander, and the big-handed Klein would take up a lot of slack in Dyer's infield.

Coca Cola Juniors Nip Our Saviour's Softballers 12-11

The junior division of Jacksonville softball leagues kicked the lid off the 1949 season at the JHS diamond last night. Like their big brothers out at Nichols park, they had to quit in the second game when wading became more appropriate.

The preliminary tilt was a high-scoring, nip and tuck go between the Coca Cola Juniors and Our Saviour's grade school. The Coke Jrs. finally capped the O. S. lads 12-11 in 7 innings.

The feature, 8:15 tilt, was called at the end of the third chapter. Because they were rained out, the K. C. Squires and Merchant Juniors will play the game Wednesday evening at 8:45.

The Coca Cola and Exchange club nines will tangle in a Wednesday night preliminary. Wednesday had originally been left as an open date to allow for an up-set of this nature.

House Of Clay Whips K. Of C. 6-3 In Sunday Contest

The House of Clay diamond-eers doubled the count on the K. of C. athletes as they capped the local Sunday night feature softball tilt 6-3.

Dick Johnson went the route for the Clay nines, allowing only a trio of K.C.'s to hit safely. Turner carried the burden of hurling chores for the losing club.

The Pepsi Cola aggregation clipped a Murrayville outfit 11-4 in the preliminary.

The Cardinals made the red hot St. Louis Cardinals made it five victories in their last six road games today and 12 out of their last 14 by thumping Boston's Braves 7-3, easing the pennant defenders out of second place in the ever changing fight for the National League lead.

The Cards now lead the Braves by two percentage points and, by beating the Tribe for the third successive game here, have at least a temporary grip on the runner up spot, depending upon the outcome of Brooklyn's game tonight.

The Redbirds, who had scored their second run in the third inning, put the game out of the Braves' reach with a three run attack in the sixth which Enos Slaughter began by driving out his sixth homer of the season.

George Munger won his third game against two losses, although being relieved in the eighth by Ted Wilks.

Sammy Snead Wins Nat'l Celebrities Golf Tournament

Washington, June 6.—(P)—Sam Snead waved another warning flag today for rivals in the national open golf championship.

With the Master's and the PGA championships already dangling from his belt, slamming Sammy added the national celebrities title to his collection yesterday.

And the manner in which he did it bodes ill for his opponents in the open starting Thursday at Chicago.

Sam shot rounds of 65 and 66 in the two-day event, his 131 total topping that of his closest rival, George Fazio, by four strokes.

The tournament, sponsored by the Washington Post with proceeds going to the campaign to combat juvenile delinquency, was the most successful in the three-year history of the event. An estimated galaxy of more than 16,000 watched the competition.

Indians Explode To Beat A's 11-5

Cleveland, June 6.—(P)—The Cleveland Indians, with Manager Lou Boudreau playing third base for the first time since his minor league days, exploded with nine runs in the eighth inning tonight to defeat the Philadelphia Athletics, 11-5.

A home run by Joe Gordon along with four singles and five bases on balls gave the Tribe the ball game signal after Boudreau's replacement at short, Rookie Ray (Ike) Boone, helped the A's to five runs in the fourth by making two errors.

Boudreau, who made the change following an afternoon conference with Tribe President Bill Veck and his coaching staff, played third flawlessly with two putouts and three assists.

Young Boone, noted as a smooth fielder, contributed three stinging singles to the 10-hit Tribe attack, but reflected the tremendous pressure of the occasion with his errors.

The Athletics, who only made three hits off starter Steve Gromek and relievers Mike Garcia and Al Benton, were quick to capitalize.

White Hall Golfers Compete Recently

White Hall—K. R. "Shorty" Barnett, of Mexico, Mo., capped the "Hole In One" tournament staged recently on the White Hall Golf Club Grounds. Barnett's winning attempt came to a standstill just 14 ft., 1 in. from the cup.

Dr. F. Whiteman of Carrollton took second honors with a drive that halted 14 ft., 4 in. from the hole. Ray Marshall, Cape Girardeau, Mo., won third place.

The White Hall Golf Club will sponsor an Open Handicap Tourney Sunday, June 12.

Cincinnati Edges N. Y. Giants 4-3

New York, June 6.—(P)—Johnny Wyrostek's three-run homer and Pitcher Howie Fox's game-winning single enabled Cincinnati to knock off the New York Giants today, 4-3.

As a result of the Giants' loss and St. Louis' win over Boston, only a half game separated the first four teams in the National League. The Giants still held first by a half game but Brooklyn could tie them by downing Pittsburgh tonight.

Fox scattered eight Giant hits, one an inning except in the second, and hammered a single that scored Jimmy Bloodworth with the winning run in the sixth. Bloodworth had singled, and advanced to second on Dixie Howell's infield out.

ISLAND OF ESCAPE

By Hugh Lawrence Nelson

THE STORY: Eight persons who come willingly or unwillingly to escape island to lead a new life now are trapped there. Fire has destroyed the home of eccentric Henry George Harding, dynamite blast has covered the store and food with debris. Furthermore there is a murderer in their midst who killed Lily Warren, and who may have slain the mate of a fishing boat who is believed to be a murderer. The island is a mystery, with whom Harding is infatuated, goes with him as "queen."

Copyright by HUGH LAWRENCE NELSON. Distributed by NEA SERVICE, INC.

Guire said slowly. At least I think I'm glad. It may make up for some of the things I've done."

She had reached the ruined sheepfold. Bea Cosgrove stared at the huddled animal bodies. Fire, fright, or concussion, the reason for their death did not matter. She tried to count them.

"If it hadn't been Fred, it'd been some other man," Nona said. "But why couldn't I have met George first? Why couldn't it have been George? But I met George afterward, of course. I didn't have anything more to do with Fred. Not that he cared. George and Fred were friends even then."

"Friends?" Bea asked.

"Oh yes. It was before the war and I was 17. I wrote to George while he was away. They wouldn't take Fred. So George finally came back. To Fred and to me. He said he wanted to marry me. I told George I wouldn't."

"Did you tell him why?"

"I told him why. I didn't tell him who. I never thought he knew. Until this morning. He'd have shot Fred if he'd moved. And I knew something about myself then too. I want Fred dead. Maybe it could be buried and forgotten then."

BEA COSGROVE stopped walking. The fire had spared a part of the grass on this end of the island, or the rains had quenched it. Four sheep stood together, making eating motions. As she watched one of them broke from the others, ran to the edge of the cliff and disappeared silently.

"Let's go back," Bea said. "There's meat enough in the pen."

"What're you going to do?" Nona asked.

"What's necessary," Bea said grimly. "You might have a better appetite later if you didn't watch." She tightened her hold on the ax, swallowed quickly, and pulled one of the bodies free of the pile.

The islanders collected two battered buckets, one of which held

water, four scorched and sodden blankets, and a half of two cot mattresses from the hut George and Fred had occupied. There were no changes of clothes.

On the other hand, there was a large assortment of tools and plenty of planks. Mabel Jones and Harding had little trouble constructing a shelter in the angle of the veranda steps and the part of ruined wall.

Henry Harding had prepared kindling, whittled from the dry inside of pine boards, and was trying to get a spark by striking steel against various kinds of stone. Mabel Jones had hacked away at the mutton with Harding's pocket knife and had some in the good bucket with added rainwater, waiting for the fire to make a sort of stew.

AGNES FIRTH returned from the lower storeroom on the verge of tears. "It's so maddening when you know there's food down under all that rock," she complained. She looked around suddenly. "Where's Mr. Sillwell? He left me! He went on ahead with the peaches!"

Nona McGuire said wearily. "You shouldn't have trusted him. Aggie. He's probably down making a trade. And I don't think the rest of us will get either peaches or whiskey from the deal. I know George likes peaches."

"But they were all of us found! They were for all of us!" Miss Firth said. She sat down on the soggy edge of a mattress out of the rain.

Bea Cosgrove stood up. "We've got to have a fire. I'll go and try to get a match or a piece of burning wood. I don't think George'll shoot. He's had a chance to think it over now. Cool off."

No one made any suggestion, no one tried to dissuade her. Once again she went over the ground around the saucer depression.

A shout and a clatter of rock brought her attention to a hurrying, bent-over figure on the trail to the cave. A little streamer of smoke whipped out behind Fred Sillwell. Smoke from the smoldering pieces of two by four he carried.

YMCA Secretary Gives Rules For Water Safety

Reckless use of "out-of-bounds" areas as bathing sites, holiday carelessness by parents and children at the waterside, youthful exhibitionism in and around deep water, and failure of poor swimmers to recognize their own limitations, will be among the major factors contributing to drownings this summer.

This was the opinion voiced Monday by Paul Hartman, general secretary of the Jacksonville Y.M.C.A., as he listed ten basic rules for water safety at the beaches, lakes and ponds in and near this city.

Pointing out that approximately 100 million persons in this country cannot swim, the "Y" official said that the surest way to avert summer tragedy is to learn how to swim competently.

Urging parents to encourage their offspring to acquire swimming skills at supervised pools in their vicinity as the first step toward safe holidaying, he said:

"There is no reason why virtually every child in this country should not be a competent swimmer. Beginning at 11 a.m. Monday, June 11, swimming instruction will be offered free to every child nine years of age and over in our fine city pool. Red Cross instructors will handle the teaching and the city makes no charge for the use of the pool. Skill in water sports not only builds a child physically but develops in him or her a healthy attitude of self reliance. The ability to swim may also mean the difference between life and death at some time in the future."

Children are the most likely candidates for waterfront mishaps. Mr. Hartman said parents should be aware at all times as to the whereabouts of their children when the family group is vacationing at the waterside.

"Too often parents have looked up from books and magazines, or awakened from a nap," he said, "to discover their unguarded children were in trouble."

Equally lax, he added, were those mothers and fathers who entrust the lives of their children to worn-out inner tubes and water wings of doubtful buoyancy. If a child cannot swim, he warned, he or she should not be placed in a situation where chance can be a deciding factor.

"The number of water sports accidents can be sharply reduced here this summer," he declared. "If swimmers, poor and skilled, largely confine their bathing activities to beaches, pools, and lakes where life-guards are always on hand. Nothing is more dangerous, especially to non-swimmers, than strange, unguarded waters."

Riverfronts and rustic ponds also mask many threats to life and limb.

James M. Sloss, 79, Dies Monday Near Jacksonville

James M. Sloss, a resident of this community for the past 15 years, died Monday noon at his home near Jacksonville at the age of 79.

Born Sept. 1, 1869, near Edwardsville, Ill., Mr. Sloss later moved to Blue Mound, where he was associated with Henry Herberger in the grocery and poultry business. He became a member of the Reis and Sloss Implement store, making his home with the late Francis Knapp family.

After the death of Mr. Knapp in 1911, he took over the management of the Knapp farm until 1939 when the family moved to Jacksonville. He managed the E. C. Wise farm until 1942, when he retired from active duty.

He was a member of Masonic Lodge No. 682 at Blue Mound.

Funeral services will be held at the Reynolds Funeral Home Thursday morning at 10:30 o'clock. Memorial services will also be held at the Blue Mound Methodist church. Burial will be in Hall cemetery near Blue Mound.
